HAS FORMED

FLAGSHIP
SPECIALTY PARTNERS

Flagship Specialty Partners is a leading specialty management support organization (“MSO”) formed in partnership with the surgeon owners of Carolinas Center for Oral & Facial Surgery (“CCOFS”) to consolidate the fragmented specialty dental provider landscape. As a MSO, Flagship provides comprehensive management, back-office and administrative services to CCOFS and other professional dental entities. CCOFS is a leading provider of oral and maxillofacial surgical services throughout the Carolinas treating patients of all ages for diseases, injuries and defects in the head, neck, face, jaw and the hard and soft tissues of the oral and maxillofacial region. CCOFS’s suite of services range from small sedation procedures, such as wisdom teeth removal or dental implants, to more difficult surgeries requiring general anesthesia, such as jaw reconstruction, orthognathic surgery, arthroscopic TMJ surgery, and other complex procedures. CCOFS will serve as a foundational medical and dental practice as Flagship further consolidates the oral and maxillofacial surgery sector as well as other adjacent dental specialty services through affiliating with new medical and dental practices and supporting CCOFS and the other practices in opening de novo offices.
