BEYOND COMPLIANCE

Reston, VA – Reynolda Equity Partners (“REP”) has exited its investment in OutSolve, LLC (“OutSolve” or the “Company”), a provider of outsourced labor and employment compliance solutions. The Riverside Company invested in a controlling interest in OutSolve along with management, which will retain a significant minority stake.

OutSolve provides compliance solutions to help clients adhere to federal contracting standards and other regulations designed to promote non-discriminatory policies in the workplace. The Company, which was founded in 1998, services more than 2,000 customers in a variety of industries across the U.S.

REP invested in OutSolve in November 2016, alongside LNC Partners, with a goal of providing strategic and financial resources that would allow OutSolve to accelerate its growth, both organically and through acquisitions. REP and LNC supported OutSolve’s management in achieving those goals, in part through the completion of eight acquisitions. As a result, OutSolve’s revenue and employee base each grew by more than 3.5x during the investment period, firmly establishing the Company as a leader in its industry.
